on the 15th day of every Lunar Month at 2.30 p.m.

Transference of merits to the departed are available at \$30 and \$200.

Here, I would like to transfer merits to beings whom I have since beginningless time, whether intentionally or unintentionally, through body, speech and mind, harmed and killed, and to all karmic debtors. May all beings in the Dharma world of the ten directions, whether born from womb, egg, moisture or spontaneous birth, including those that are killed or still-born, those who are abused or tortured to death, be liberated from all sufferings and follow the Buddha to be reborn in the Pure Land.

May all beings who were harmed as a result of becoming my source of food since beginningless time, all beings in the Dharma world, all beings in the suffering state, including those who have been my teachers, friends and karmic debtors, be guided by the Buddha to rebirth in the Pure Land.

Registration for transference of merits to the departed starts now. We also welcome you to join us in the chanting of the Ksitigarbha Bodhisattva Sutra.
